

## BPW Joondalup

Business and Professional Women Australia

*Enhancing security and  
safety for women...*

# Welcome to BPW

BPW Australia develops women's potential so they can take action to improve the status of women. If you are a business owner or working woman wanting to make a positive difference while enjoying the fun and friendship of like minded women we could be just the club you are looking for.

We hold monthly dinner meeting with speakers covering a range of fascinating topics such as law reform, teaching English in Korea, violence against women and computer security.

In October we are doing things a little differently and holding a sundowner. This is your chance to meet and chat with women from a wide range of backgrounds in a relaxed atmosphere. It is also a great opportunity to find out more about our club.

Come along and discover more about:

- why our members joined and what they have gained from their membership
- our national and international projects
- opportunities for personal and professional development.

*We look forward to you joining us;*
